These pools are under 35000 Litres which means most councils around NZ do not require you to have a building consent for the pool, however, any swimming pool installed in NZ still has to comply with F9AS1, which means you need a consent for the pool fencing.

***We can also turn this pool into a spa and insulate the outside!***

# Lilo

4.2m x 2.4m

**Compact in size, big on relaxation**  
**Lilo is your personal retreat, right at home.**

**Lilo is our most compact plunge pool, designed for small spaces without compromising on comfort.**

**Whether you're after a refreshing dip, a private soak, Lilo is a perfect fit.**

**It's cleverly designed to allow for easy installation in courtyards, tight urban spaces, or backyard nooks - making it ideal for modern living.**

**With a depth range of 1200mm to 1500mm, Lilo offers the perfect balance of relaxation and versatility.**

# Element

5.45m x 3.4m

**Element blends cutting-edge design with everyday luxury.**

**It's streamlined shape and full-length bench create a perfect balance of form and function - ideal for relaxing, entertaining, or enjoying a quiet swim.**

**With a contemporary aesthetic and versatile layout, Element transforms any outdoor space into a modern oasis.**

*Where Style Meets Serenity*

From Courtyards to Backyards, Always Perfect

# The Plunge

5.5m x 2.8m

Also Available in

4m x 2.4m

**The Plunge is the perfect balance between compact size and generous comfort, making it ideal for smaller sections without sacrificing style.**

**A safety ledge runs the length of the pool, positioned at the same height as the shallow end, offering both reassurance and ease of movement.**

**Two contemporary curved corner seats lead to a bench platform - a versatile space where children can play or adults can simply unwind.**

**With a depth of 1450mm, The Plunge caters to all ages, creating an inviting retreat for relaxing, cooling off, or enjoying quality time outdoors.**

# Lagoon Lounge

6m x 2.4m

**Lagoon Lounge brings a flowing, organic shape to your backyard oasis with its soft edges and built-in seating.**

**A shallow entry zone transitions seamlessly into deeper waters, making it ideal for both lounging and active play.**

**It's the perfect blend of relaxation and space - ideal for families or anyone who wants a little more room to unwind.**

# Vista

6.5m x 2.8m

***Small Footprint, Big Impression***

***Compact Luxury. Endless Enjoyment***

**At 6.5m x 2.8m, Vista proves that elegance doesn't need excess space. It's streamlined design is perfect for compact backyards, delivering a refreshing escape without compromising on style or swim area.**

**Wide entry steps on either side of the shallow end create a welcoming approach, while two integrated corner seats offer the perfect perch to relax, chat, or soak up the sunshine.**

**Equally at home in a sleek urban courtyard or a private garden hideaway, Vista blends leisure and exercise in one beautifully balanced pool - a statement of smart design and effortless enjoyment.**

# Retreat

6.5m x 3m

**From Play to Peace in One Pool**

**The Retreat is your go-to family pool - spacious enough for energetic swims, games, and relaxing afternoons alike.**

**With a shallow depth of 1260mm and an impressive deep end of 1760mm, it caters to all ages and swimming abilities.**

**A safety ledge runs along the side at the same height as the shallow end, giving both beginners and confident swimmers a secure place to rest.**

**Whether you're cooling off on a summer's day or enjoying evening laps, the Retreat delivers a perfect balance of fun, comfort, and style for the whole family.**

# Palmé

7m x 3.4m

**Palmé brings holiday vibes home.**

**Its spacious layout offers plenty of room for swimming laps, splashing with the kids, or simply floating under the sun.**

**A broad entry step doubles as a lounging platform, while the opposite end gives you depth for more active play.**

**Whether you're hosting a summer BBQ or enjoying a quiet evening dip, Palmé delivers that perfect blend of relaxation and fun - no boarding pass required.**

**Where Everyday Feels Like a Getaway**

# Cove

7m x 3.5m

**A perfect balance of relaxation and performance, Cove features a unique entry step for lounging, an open deep end for uninterrupted swimming, and a safety ledge for peace of mind.**

**With depths from 1260mm to 1760mm, it's as versatile as it is inviting.**

**Step in. Sink In. Switch Off.**

# Horizon

8m x 4m

*Big Dreams, Bigger Splashes*

**At 8m x 4m, the Horizon is your all-access pass to backyard luxury.**

**Whether it's high-energy cannonballs, chilled-out floats, or a cheeky poolside sip, there's space for it all.**

**Its wide steps welcome you in like an old friend, while the sparkling blue expanse practically dares you to swim a few laps... or just drift away in the sun.**

**Perfect for families, entertainers, and anyone who believes a pool should be as generous as their summer plans.**

**Where Endless Energy Meets Effortless Luxury**

# Satin

8m x 4m

*Smooth, Spacious, Simply Satin*

**Satin brings a touch of elegance to your backyard with its sleek design and generous size.**

**The wide first steps offers the perfect place to lounge before your swim, while two deep-end seats invite you to relax or simply watch the world go by.**

**A thoughtfully placed safety ledge makes it kid-friendly, without compromising on style.**

**With depths from 1260mm to an impressive 1860mm, Satin blends comfort, safety, and space - ideal for family fun, casual laps, or tranquil floating on a summer's day.**

# Shoreline

9m x 4.4m

**Your Private Coastal Retreat**

**Shoreline is where elegance meets easy living.**

**It's striking geometric design and generous size invites you to stretch out, slow down, and make the most of every warm day.**

**Wide steps welcome you in, while the crisp blue water catches the light and throws it back in shimmering waves.**

**It's perfect at home beside manicured lawns or leafy gardens, turning your backyard into a private coastal retreat.**

**For grand entertaining or quiet escapes, Shoreline is a pool that's as generous as your summer plans.**

**Where Grand Design Meets Coastal Calm**

# Coastline

10m x 4.4m

## *Coastline - Elegance, End to End*

*Coastline is all about graceful living on a grand scale. Its elongated silhouette creates a mirror-like expanse where sunlight dances by day and reflections shimmer by night.*

**Perfectly suited to sprawling terraces and lush landscapes, it's equally at home hosting a long afternoon of laughter or an early morning lap in peace.**

**At 10m x 4.4m, Coastline isn't just any pool - it's a statement piece that transforms your outdoors into a private seaside sanctuary.**

***Every sparkle on its surface whispers luxury.***

*Luxury, Reflected*

# Big Bertha

12m x 4.4m

Luxury, Amplified

Grandeur Without Limits

**At a commanding 12m x 4.4m, Big Bertha is the ultimate statement in scale and style. Designed for those who think big, this pool offers an uninterrupted stretch of water that's as perfect for long, meditative laps as it is for lively gatherings.**

**Framed by clean lines and a mirror-like surface, it transforms your backyard into a private coastal escape - complete with the kind of space that invites both serenity and celebration.**

**Whether you're hosting a crowd or enjoying a quiet moment with the water all to yourself, Big Bertha delivers luxury on a whole new scale.**

Your Pool.  
Your Lifestyle

# Luxury Made Simple

**As a family-run business, we understand that a pool isn't just about swimming - it's about creating a lifestyle. That's why we go beyond the basics, offering innovative features that make owning a pool simpler, smarter, and more enjoyable.**

**For those wanting even less maintenance and more peace of mind, we offer optional upgrades such as Chlorshield™ protection and our self-cleaning system.**

**These innovations mean clearer water, greater durability, and more time to enjoy your pool the way it's meant to be.**

**With a trusted network of installers across New Zealand, we bring luxury pools to backyards from North to South, ensuring professional service wherever you are.**

**At Bayside Pools, we combine family values, advanced technology, and nationwide expertise - delivering more than a pool, but a complete lifestyle upgrade.**

## Make the Most of Summer

**Owning a pool should be about enjoying long summer days, not worrying about cleaning and upkeep. With our self-cleaning system, you can spend more time swimming, relaxing, and entertaining - while the pool looks after itself.**

**With our range of heat pumps, you don't have to stop when summer ends. Keep your pool warm and inviting into the cooler months, and enjoy swimming on your terms.**

**Less cleaning. More swimming. All year round.**

# CHLORSHIELD

## ADVANCED PROTECTION FOR FIBREGLASS POOLS

### **ChlorShield™ - Protection You Can See and Trust**

*Exclusive to Bayside Pools in New Zealand*

When you choose a Bayside Pool, you're not just choosing a beautiful design, you're choosing advanced protection that works day after day, year after year

ChlorShield™ is our signature high-performance gelcoat system, engineered to keep your pool looking brand new while protecting it from the harshest conditions. No other pool in New Zealand has it - because ChlorShield™ is available only through Bayside Pools

### **Why ChlorShield™ is Different**

- Chemical-Ready – Designed to resist the toughest pool chemicals without fading, chalking, or surface breakdown
- UV Armour – Shields your pool from New Zealand's powerful sun, locking in colour and gloss
- Impact Tough – Flexible strength that resists cracking and stress damage
- Gloss that Lasts – Retains up to 99.5% of its original shine for a *mirror-like finish year after year*

## Proven in Extreme Conditions

### Your Pool, Looking New for Decades

Extreme chlorine, harsh sun, high heat -  
ChlorShield™ stands strong where others fade

**CHLORSHIELD**

**COMPETITOR**

We've tested ChlorShield™ far beyond normal pool use - exposing it to extreme chlorine, high pH, and elevated temperatures. Even after this intense treatment, ChlorShield™ stayed bright, glossy, and intact

### Your Pool's Long-Term Bodyguard

With ChlorShield™, your pool isn't just stunning when it's installed - it's stunning for decades

It's the difference between a pool that looks "good enough" and a pool that turns heads every summer

# *Self-Cleaning*

Let's be honest: everyone would love to have a pool in their backyards, but the thought of cleaning it isn't fun.

When you get a pool, you want to use it, not spend a lot of time keeping it sparkling clean. This is why you should consider a self-cleaning pool system.

This system is completely hands-free and keeps your pool in great shape. Your pool will always remain clean with zero effort on your part.

## *What Is a Self Cleaning Pool System?*

A self-cleaning pool system is a cleaning technology that automatically removes debris and dirt from a swimming pool. It's also called an in-floor cleaning system or a smart pool. It uses cleaning heads situated strategically on the floor of the pool.

When the system gets activated, these cleaning heads pop up to circulate and filter the water, then pop back down when finished.

This process is fully automated, you can even swim while it runs.

## *How Effective Is a Self-Cleaning Pool System?*

When you observe a self-cleaning pool system in action, you might question its efficiency. It operates quietly and requires no pipes or additional gadgets. So, how effective are these systems? As with any technology, the proof lies in the data.

First, a self-cleaning pool system meticulously covers 99% of your pool. Bayside Pools install pop-up cleaners in floor steps and benches, resulting in a more thorough cleaning process compared to other pool cleaning methods.

Second, a self-cleaning system utilizes up to 30% fewer chemicals for pool sanitation. Instead of using large quantities of chemicals, this system relies on powerful water jets to direct debris towards the drain. The circulation process remains consistent, including the heating of your pool.

In traditional systems, when water passes through the heat pump and returns to the pool, it remains concentrated at the top layer of the swimming pool, resulting in heat loss. However, with a Bayside Pool self-cleaning system, water is evenly distributed throughout the pool, reducing heat loss.

Typically, Bayside Pool's self-cleaning system can save 30% on chemical consumption and reduce heating costs by 20 to 30% due to its superior circulation compared to traditional jet and skimmer systems.

The Q360 patented water valve is the heart of the Q360+ cleaning system. The proven track record of this ultra efficient valve delivers maximum flow with minimal noise and water pressure variations making it the performance leader in the industry.

- Smooth and effective water flow at any pump speed
- 6-port design distributes powerful water to each jet; systematically circulating the complete body of water
- 8-veined Power Turbine for smooth energy transfer
- Triple traction gear drive directs water flow

## New Breakthrough performance jet Setting new industry standards

Newly engineered Q360 Performance Plus™ cleaning jets feature a nozzle which improves cleaning like never before.

- Enhanced cleaning performance
- 3 selectable nozzle designs for customized cleaning options
- Exclusive Hybrid advancement mechanism provides 360° cleaning

## *Crafting Resilient Pools: Our Commitment to Quality and Durability*

**Our pools are crafted with a focus on strength and longevity, ensuring they withstand the passage of time. Achieving this involves using only the finest resins in a carefully controlled setting.**

**Additionally, we integrate reinforcement elements throughout the pool shell, enhancing rigidity while allowing flexibility to accommodate varying ground conditions.**

## *Local Ownership, Global Quality: Bayside Pools' Commitment to New Zealand*

**Bayside Pools is a company entirely owned and operated in New Zealand, rooted in family values.**

**We take immense pride in offering local employment opportunities and providing our clients with an exceptional product made right here in New Zealand.**

## *Going Green with Fiberglass: The Environmental Benefits of Bayside Pools*

**Opting for a fiberglass pool reflects an environmentally conscious decision. These pools are ideal for individuals prioritizing sustainability, thanks to their non-porous surfaces requiring fewer chemical treatments.**

**Choosing a Bayside Pool further minimizes carbon emissions, as they are manufactured locally, reducing the need for global transportation. Moreover, fiberglass pools eliminate the need for re-plastering and liner replacements, contributing to reduced waste in landfills.**

*Choose Bayside Pools for an eco-friendly, locally crafted pool experience built on durability, quality, and community values.*
